Guided learning hours (GLH)	21
Credit	3
Level	3
Fee	£15

2024 New early years educator provision and withdrawals

We are pleased to announce that in September 2024 we will have an updated suite of early years educator (EYE) qualifications, ranging from levels 3 to 5, that meet the new Department for Education (DfE) EYE criteria that come into effect from 1 September 2024.

Due to the expansion of the number of new DfE EYE criteria that must be met, this will also result in a number of withdrawals where current qualifications have been updated resulting in new qualification reference numbers. Some qualifications are also being withdrawn due to funding being removed for 16 to 18 year olds.

Please see below tables for further details around the launch of the new qualifications and the last available registration dates for learners for any qualifications and unit programmes that will be being withdrawn. Withdrawn qualifications and unit programmes will no longer be available for registrations after their operational end date and certificates will not be issued after the certification end date.

Our new EYE provision is currently with the DfE and we hope to gain their approval very soon with confirmation of our new qualifications on the DfE early years qualification list.

More information about our early years provision will be available in the coming months. In the meantime, please refer to the DfE EYE criteria to understand the new requirements for early years educators from September 2024, the new criteria can be found here: [Early years educator \(level 3\): qualifications criteria.](#)

Qualifications	Operational end date	Certification end date	Replacement qualification availability
