to plot your learner journeys and
plan your curriculum.

transport, engineering and construction.

Progression map

This progression map details many of the qualifications available within this sector but is just a taster of what we have to offer. Please visit our website www.QualHub.co.uk to view our full portfolio.

For details on the many qualifications that will support learners' general progression, please see our Supporting Qualifications document which provides information on all of the qualifications found below. All qualifications in this map are eligible for funding. Please check the [ESFA Hub](http://www.ESFA.gov.uk) and relevant Funding Rules or Guidance for confirmation on which funding streams they're eligible under plus the learner eligibility criteria.

Your curriculum planning tool

Whether you're based in a college, training provider or school, this document has been designed to help you plan which qualifications you'd like to deliver.

Remember to visit www.QualHub.co.uk to view our full portfolio of qualifications across all sectors.

Using this product guide

Qualifications are grouped into subject areas which makes the document easy to navigate.

A **Level 1/2 Technical Award in Engineering**

D Minimum Entry Age: 14 **LRA** **v.certs** **C**

FACTS AND FIGURES	
Qualification no/Learning Aim Reference:	603/2963/4 B
Guided Learning Hours (GLH):	120
Total Qualification Time (TQT):	157
Credit Value:	N/A G
H Learning Resources Available: NCFE

KEY

- APP** Apprenticeship Standard or Framework
- LRA** Learning Resources Available
- PP** Performance Points
- UCAS** UCAS

Please note, all qualifications in this guide are eligible for funding. Please check the ESFA Hub and relevant Funding Rules or Guidance for confirmation on which funding streams they're eligible under plus the learner eligibility criteria.

Understanding the qualification pages

- A** This is the qualification title.
- B** This is the Qualification Reference Number (QRN).
- C** If the qualification is a V Cert, the V Cert logo will appear here.
- D** This is the recommended entry age for the qualification.
- E** The icons in this area are intended to give you more information about each of the qualifications. This includes whether it holds performance points, UCAS points as well as if it's supported by learning resources. Please see the key to find out what each icon means.
- F** This feature helps you to understand which qualifications complement the one you're looking at.
- G** The credit value (if applicable) for the qualification will appear here.
- H** All qualifications are supported by a Qualification Specification. However, in many cases, there are additional materials available including sample portfolios, learning and delivery resources from NCFE, CACHE or third parties. If these additional learning resources are available for the qualification, we'll list who they're supplied by here.

Working together

The best teams work together as a unit to achieve outstanding results. That's why we work with a network of established third parties to provide a wide range of materials to support our qualifications. Here you'll find further information about each third party and how they can help you.

Laser Systems

Laser Systems team members are education professionals with a wealth of knowledge and experience in quality and assessment, and have created an e-portfolio which is intuitive for both assessing teams and learners.

As well as an industry-leading e-portfolio, Laser Systems also provides high-quality online learning resources for full qualifications and CPD short courses. Learning resources combine filmed tutorials with a professional presenter, video good practice examples, reading, extended learning, and an interactive quiz. For full qualifications, available learning resources cover knowledge for each learning outcome. Laser Systems prides itself on its customer service, providing support and guidance for Laser users from day one, and takes part in events and standardisation days alongside NCFE and CACHE.

Learning Curve Group

Learning Curve Group (LCG) supports over 200 NCFE and CACHE centres with strategies that increase adult learning engagement. Their services include:

- NCFE and CACHE approved learning and assessment content, available both online and in paper formats, for AEB, Apprenticeships and loan funded provision.
- An innovative online learning and assessment platform that provides a quick and efficient tracking mechanism, enabling providers to monitor learner progression.
- Consultancy services led by respected FE specialist Beej Kaczmarczyk.
- Recruitment of applicants for PAYE and self-employed vacancies.
- Support with links to levy paying employers.

LCG aims to maximise your offer around loans, levy and localism whilst also enabling best practice that keeps learners safe.

Create a curriculum to suit your learners

Try something new

Giving your learners a well-rounded curriculum can be difficult, but with qualifications from NCFE and CACHE you can offer:

- technical solutions for your vocational learners
- a broad range of subject areas
- qualifications with clear routes into the workplace or further education
- PSHE and employability qualifications

Many of our V Cert qualifications come with performance points for 2020 and are supported by a range of high-quality resources, training events and delivery support. Speak to our team today to find out more.

Thinking about their next steps?

Applied Generals from NCFE and CACHE are rigorous A Level alternatives which hold performance points, UCAS points and come with high-quality resources and expertise to support your delivery.

Simple in structure, familiar in assessment style and small enough to fit into your curriculum, Applied Generals are the ideal way to support vocational learners within a school or 6th form college environment.
