

# Achieve apprenticeship success

**We're committed to helping learners achieve their full potential through apprenticeships.**

When it comes to apprenticeships, we'll support you from start to finish. From our Skills Forward diagnostic and assessment tools, to Functional Skills and mandatory qualifications, to end-point assessment from EPA Plus – we've got it covered!

**From support for Functional Skills and employability to general enhancements for your apprenticeship provision, Skills Forward has a digital solution that will support your organisation and your apprentices to success!**

### **Leading the way for English and maths**

Skills Builder is a comprehensive eLearning solution for Functional Skills that incorporates Ofsted and ESFA compliant assessments, detailed skills diagnostics, video tutorials, progression tracking and innovative resources to aid skills development and increase workforce productivity.

### **Bespoke e-portfolio**

Designed for anyone undertaking training, Skills Portfolio is an e-portfolio system that manages the complete end-to-end learner journey and allows you to assess remotely, monitor learner progress, create immediate dashboard reports, and manage your quality assurance. It is fully compliant with Ofsted and ESFA audit requirements, giving you the evidence needed during inspection.

### **Preparing for apprenticeships**

Skills Review is a self-assessed skills gap analysis that enables a learner and their employer to review, input and evidence prior learning against the key areas of knowledge, skills, competence and behaviours that are part of the apprenticeship standard.

### **Employability assessment**

Endorsed by the Institute of Employability Professionals, Skills Work is our psychometric test that will quickly, accurately and objectively measure a learner's core employability skills. We have mapped the key sought after employability skills as identified by the Confederation of British Industry (CBI) into our assessment.

ncfe.

# functional skills.

NCFE's Functional Skills provide learners with the essential English and maths skills required for a successful apprenticeship. Supported by fantastic resources, a dedicated Provider Development team, sector leading service times and online, on-demand assessments.

Choose NCFE and you'll benefit from:

the fastest online results release in the sector (**from 6 working days!**)

online assessment available on-demand, **24/7**

**free** resit option

**free automated feedback** for online English and maths assessment

a **large number of interactive learning resources**, suitable for both classroom and workplace learning

a **host of sample papers and past live papers**, complete with accompanying Chief Examiner Reports.

Our centres also receive support from our in-house Provider Development team who will be delivering **CPD sessions, webinars and events** throughout the session to support teachers in their English and maths delivery.

## anytime, anywhere assessment.

Our remote invigilation solution for Functional Skills enables your learners to sit their assessments anytime, anywhere.

Supporting Teaching and Learning

**EPA Plus has a strong track record of successfully delivering end-point assessment (EPA) in a wide range of sectors, including:**

**Health**

**Care & Education**

**Business**

At EPA Plus, we're committed to providing a reliable and consistent approach to end-point assessment. We are here to support you through our dedicated relationship management team and monthly webinars – to ensure quality outcomes for your apprentices.

**We offer:**

**Comprehensive guidance materials** – Supporting documentation aimed at providers and apprentices to ensure EPA preparation

**Remote assessment tools** – Ensuring that EPA continues to be delivered through the use of remote invigilation, videoconferencing and more

**Personal service** - From the relationship team to our fully employed Independent End-Point Assessors, the team can help providers navigate the world of EPA

**An end-to-end online platform** - Available 24/7 for registrations, gateway requests and progress updates

**No upfront fees** - No fees to pay until apprentices reach gateway and no withdrawal fees
