Dear James and Emily

I am writing in support of the NCFE CACHE Level 3 Applied General Certificate for Early Years, Childcare and Education QRN: 603/2988/9.

The University of East Anglia (UEA) is a campus-based university in Norwich with a global reputation for its excellent academic, social and cultural facilities, delivered to more than 15,000 students from over 80 countries.

The University prides itself on the quality of its research, being part of Norwich Research Park, one of the largest communities of researchers in Europe, leading the way with research in areas including the environment, health, and plant science.

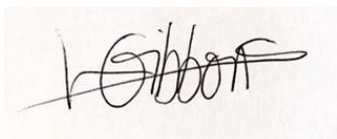

This qualification will provide individuals who have an interest in Childcare with an opportunity to develop their skills, knowledge and understanding to an advanced level. This will prepare learners to progress onto a range of higher education courses within the Early Years and Childcare sector and other relevant sectors. This qualification also requires the use of techniques for evaluation, analysis and reflection and these study skills will benefit learners progressing to higher education.

Being a University, we do not offer the NCFE CACHE Level 3 Applied General Certificate for Early Years, Childcare and Education, but we find it to be valuable and consider it to be fit for purpose and suitable for meeting entry requirements to a range of our relevant courses when combined with other qualifications such as A-levels.

Courses that consider this qualification include:

BSc Adult Nursing
BSc Mental Health Nursing
BSc Learning Disability Nursing

Yours

Luke Gibbons
