Dear Hayley

NCFE Level 2 Certificate in Understanding Business Improvement Techniques

I confirm that we recognise and support the above qualification.

Baltic Training Services currently works with a number of large employers, and independent recruitment agencies primarily linked to the Manufacturing and Logistic sectors.

Our customers require candidates who are work ready and possess a good basic understanding of Lean practices and operating techniques. Learners possessing these skills, I believe, would also have access to accelerated employment opportunities.

This programme would prepare learners to carry out a number of roles within but not exclusively to the aforementioned sectors. These enhanced and fully transferable skills would provide our customers with an effective and cost efficient recruitment option for employers.

This qualification is suitable for anyone aged 16 upwards.

By signing below, I provide my consent for the contents of this letter to be published electronically on NCFE Group websites for the purposes of demonstrating endorsement and understand that quotes could be used in marketing material. I also acknowledge that the contents of this letter may be kept on record by NCFE Group where required for audit, legal or regulatory purposes.

Yours sincerely

Jon Rear
