Dear Lee

I am writing in support of the qualification NCFE CACHE Level 2 Award in Suicide Awareness.

ATTFE is a further education college based in Nottinghamshire and delivers high quality education over four campuses. Our learners range from 16 years old and we have no upper age limit. We deliver a curriculum of community based courses and accredited courses.

I believe this qualification is valuable for our staff and learners because it supports a very much needed awareness in education and the community. The course will be an excellent qualification for mental health workers, mental health first aiders and wellbeing champions.

Completion of this qualification will prepare learners to progress to the NCFE CACHE Level 3 Award in STEPS Towards Suicide Reduction, NCFE CACHE Level 3 Certificate in Understanding Mental Health (601/8968/X) or other mental health qualifications.

I estimate that I would register 20 learners for qualification with in the 20/21 academic year.

This qualification is suitable for anyone aged 16 and above.
