### Total Qualification Time (TQT)

Total Qualification Time is the number of notional hours which represents an estimate of the total amount of time that could reasonably be expected to be required in order for a learner to achieve and demonstrate the achievement of the level of attainment necessary for the award of a qualification.

Total Qualification Time comprises:

- the Guided Learning Hours for the qualification
- an estimate of the number of hours a learner will reasonably be likely to spend in preparation, study or any other form of participation in education or training, including assessment, which takes place as directed by – but not under the immediate guidance or supervision of – a lecturer, supervisor, Tutor or other appropriate provider of education or training.

### Credit

The credit value is equal to the Total Qualification Time divided by ten, rounded to the nearest whole number.

## About this qualification

This is a regulated qualification. The regulated number for this qualification is 501/1298/3.

This qualification may be eligible for funding. For further guidance on funding, please contact your local funding provider.

This qualification is suitable for use within a Study Programme.

## Qualification purpose

## Achieving this qualification

To be awarded the NCFE Level 2 Award in Mentoring, learners are required to successfully complete 3 mandatory units.

## Mandatory units

| Unit No | Unit title                                    |
|---------|---|
| Unit 01 | Role of a mentor                              |
| Unit 02 | Preparing for the role of a mentor            |

The units above may be available as stand-alone unit programmes. Please visit the NCFE website for further information.

To achieve the NCFE Level 2 Award in Mentoring, learners must successfully demonstrate their achievement of all learning outcomes of the units as detailed in this qualification specification.

Learners who aren't successful can resubmit work within the registration period; however, a charge may apply. A partial certificate can be requested for learners who don't achieve their full qualification but who have achieved at least one whole unit.

### **Essential skills**

While completing this qualification, learners may develop the knowledge, understanding and essential skills employers look for in employees. These range from familiar 'key skills' such as teamworking, independent learning and problem solving, to more tricky-to-measure skills such as:

- an appreciation for appropriate behaviour and dress
- appropriate interpersonal skills
- communicating with professional colleagues/peers and/or hierarchical seniors

---

### **Recognition of Prior Learning (RPL)**

Centres may recognise prior learning at their discretion if they are satisfied that the evidence provided meets the requirements of a qualification. Where RPL is to be used extensively (for a whole unit or more), advice must be given by a qualified RPL Advisor.

### **Barred units, equivalencies and exemptions**

This qualification may contain barred units, equivalencies or exemptions. These will be identified in the summary for each unit.

### **Credit transfer**

Where a learner has already achieved a unit with credit, NCFE will recognise that prior learning and will allow the credit to be transferred onto a new qualification, provided that the units have the same Ofqual reference number.

---

### **Direct Claim Status**

For more information about Direct Claim Status, please contact our Customer Support team on 0191 239 8000.

---

## **Qualifications and awards with simulation and assessment in a Realistic Work Environment (RWE)**

Where the assessment guidance for a unit allows, it is essential that organisations wishing to operate a RWE do so in an environment which reflects a real work setting and replicates the key characteristics of the workplace in which the skill to be assessed is normally employed. This will ensure that any competence achieved in this way will be sustained in real employment.

---

### **Entry guidance**

This qualification is designed for learners who want to gain a deeper understanding of the role of a mentor and to develop the skills needed to become an effective mentor.

There are no specific recommended prior learning requirements for this qualification. However, learners may find it helpful if they've already achieved a Level 1 qualification.

This qualification is suitable for learners aged pre-16 and above.

Registration is at the discretion of the centre, in accordance with equality legislation, and should be made on the Portal.

Centres are responsible for ensuring that this qualification is appropriate for the age and ability of learners. They need to make sure that learners can fulfil the requirements of the learning outcomes and comply with the relevant literacy, numeracy and health and safety aspects of this qualification.

Learners registered on this qualification shouldn't undertake another qualification at the same level with the same or a similar title, as duplication of learning may affect funding eligibility.

---

### **Progression opportunities**

It is anticipated that for the majority of learners progression will be to further vocational learning leading to an appropriate and relevant occupational qualification at Level 2 or above. Learners may wish to progress to a Level 3 Mentoring or Coaching qualification.

---

## Qualification dates

Regulated qualifications have review dates, operational end dates and certification end dates.

The qualification review date is the date by which we'll have carried out a review of the qualification. This date is shown on the qualification page on the NCFE website.

We review qualifications up to 18 months before their review date, working with sector representatives to make any changes necessary to meet sector needs and to reflect recent developments. In most cases we'll then extend the qualification, and set a new review date. If we make the decision to withdraw a qualification, we'll set an operational end date.

If we extend the review date then this will be shown on the qualification page on the NCFE website and approved centres will be kept updated.

The operational end date will only show on the Register if we've made the decision to withdraw a qualification. After this date we can no longer accept learner registrations.

The certification end date will only show on the Register once an operational end date has been set. After this date we can no longer process certification claims.

---

- ensure that all staff involved in assessment and internal quality assurance are provided with appropriate training and undertake meaningful and relevant continuing professional development
- implement effective internal quality assurance systems and processes to ensure that all assessment decisions are reliable, valid, authentic, sufficient and current. This should include standardisation to ensure consistency of assessment
- provide all staff involved in the assessment process with sufficient time and resources to carry out their roles effectively.

## Assessors and Internal Quality Assurance

# Section 3

## Assessment and quality assurance

## Assessment and quality assurance

### How the qualification is assessed

Assessment is the process of measuring a learner's skill, knowledge and understanding against the standards set in a qualification.

The NCFE Level 2 Award in Mentoring is internally assessed and externally quality assured.

All the evidence generated by the learner will be assessed against the standards expected of a Level 2 learner and against the achievement descriptors for each learning outcome.

Unless stated otherwise in this qualification specification, all learners taking this qualification must be assessed in English and all assessment evidence presented for external quality assurance must be in English.

---

### Internal assessment

Each learner must create a portfolio of evidence generated from appropriate assessment tasks which demonstrates achievement of all the learning outcomes associated with each unit. The assessment tasks should allow the learner to respond to a real-life situation that they may face when in employment. On completion of each unit learners must declare that the work produced is their own and the Assessor must countersign this. Examples of suitable evidence for the portfolio for each unit are provided in Section 2 (page 13).

Internally assessed work should be completed by the learner in accordance with the qualification specification. A representative number of assessment hours should be timetabled into the scheme of work. Internal assessment hours must be administered outside of scheduled teaching and learning hours and should be supervised and assessed by the Tutor. Assessment activities can be integrated throughout, although separate from the teaching of the unit and do not have to take place directly at the end of the unit.

Any work submitted for internal assessment must be completed during scheduled assessment hours in accordance with the scheme of work, and must be authenticated and attributable to the learner. The Tutor must be satisfied that the work produced is the learner's own and the learner must declare that the work is their own.

In practice, this means that all of the portfolio of evidence will be completed in normal class time within scheduled assessment hours and kept separate from any teaching and learning hours.

If a centre chooses to create their own internal assessment tasks, they must:

- be accessible and lead to objective assessment judgements
- permit and encourage authentic activities where the learner's own work can be clearly judged
- refer to the 'Internal Assessment Tasks: Guidance for Centres' on the NCFE website.

## **Supervision of learners and your role as an Assessor**

Guidance on how to administer the internal assessment and the support you provide learners can be found on the NCFE website.

---

## **Feedback to learners**

Guidance on providing feedback during teaching and learning and each stage of the assessment can be found on the NCFE website.

---

## **Presenting evidence**

### **Written**

Written evidence may be presented in word-processed or handwritten form. Audio-visual content (videos, pictures, drawings, audio) may also be used.

Tables, graphs and spreadsheets may be produced using appropriate ICT.

Any copied material must be suitably acknowledged, and quotations must be clearly marked and a reference provided wherever possible to ensure that learner work can be authenticated.

### **Recorded**

Where audio-visual evidence of multiple learners is used, centres must ensure that each learner being assessed is clearly visible and can be identified by the Quality Assurer.

The recorded evidence should allow the learner to demonstrate the learning outcomes clearly but should only show work relevant to what is being assessed. For example if a performance/participation is done as part of a group, the Quality Assurer will need to be able to see how each learner being assessed has contributed and met the learning outcomes.

To help our Quality Assurers to identify clearly when a particular learner is performing/participating we'd recommend including the following information:

- the exact start and finish times so that the Quality Assurer can go straight to that spot on the tape/recording
- a running order list and a description of each learner
- information about where the performance/recorded evidence took place
- what type of audience they were performing to (if applicable).

Centres must also ensure that the camera and microphone are set up in a suitable place to ensure good quality audio. This will allow the Quality Assurer to hear both the learner(s) and the Assessor (if applicable).

We have set out an example used for a performance:

## Test High School

**Recorded evidence:** starts 4 mins 30 seconds into the recording and finishes at 16 mins 27 seconds.

**Venue:** School hall

**Audience:** Assessors, parents and friends

### Band 1:

Lead singer – Joe Bloggs (brown hair, front of stage)

Drummer – Tom Smith

Guitar 1 – Dan Brown (blonde hair, blue jumper)

Guitar 2 – Mark Jones (brown hair, left hand side)

### Performance of XXX:

Lead male – John Smith

Lead female – Ann Jones

Choir:

Kay Bell (brown hair, back row 3rd from left)

Jane Pattison (blonde hair, back row 5th from left)

Michael Davies (brown hair, front row 3rd from right)

If learners are not clearly identified, NCFE may not be able to quality assure or examine the work.

## **Quality Assurance**

### **Internal quality assurance**

Internal quality assurance is the process of ensuring that everyone who assesses a particular unit in a centre is assessing to the same standards. It's the responsibility of Internal Quality Assurers to ensure that Assessors' decisions are sampled and monitored to ensure consistency and fairness. Internal Quality Assurers are also responsible for supporting Assessors by offering advice and guidance.

The Internal Quality Assurer will follow the centre's own sampling strategy in selecting the sample to be internally quality assured. See the guidance on sampling on the NCFE website.

The Internal Quality Assurer provides the vital link between the Assessors and the External Quality Assurer and acts as the centre's quality assurance agent.

---

### **External quality assurance**

External quality assurance of internal assessments is carried out at least once a year to ensure that assessment and grading decisions are in line with required standards. External quality assurance is carried out by External Quality Assurers who are appointed, trained and monitored by NCFE. External Quality Assurers are responsible for monitoring and sampling learners' evidence to ensure that internal assessment decisions are valid, reliable, fair and consistent with national standards. Centres are notified of their External Quality Assurer's contact details on registration of learners with NCFE.

### **Diversity, access and inclusion**

Our qualifications and associated assessments are designed to be accessible, inclusive and non-discriminatory. NCFE regularly evaluates and monitors the 6 diversity strands (gender, age, race, disability, religion, sexual orientation) throughout the development process as well as throughout the delivery, external quality assurance and external assessment processes of live qualifications. This ensures that positive attitudes and good relations are promoted, discriminatory language is not used and our assessment procedures are fully inclusive.

Learners who require reasonable adjustments or special consideration should discuss their requirements with their Tutor, who should refer to our Reasonable Adjustments and Special Considerations policy for guidance.
