About these qualification

This qualification has two available pathways - Adult Management and Adult Residential Management. They provide learners with the skills and knowledge needed to manage and lead others in adult health and social care provision in Northern Ireland.

These qualifications are formed of mandatory and optional units.

The mandatory units cover a wide range of topics including:

- safeguarding and protection
- partnership working
- professional development
- providing a supportive environment for individuals to achieve positive outcomes
- complying with quality systems and continuously improving quality
- carrying out policy
- promoting and developing best practice
- team management
- assessing the individual in group living (Adult Residential Management pathway only)

The Adult Management pathway is most suitable for managers who are looking to progress their career. It is also appropriate for managers who have not yet achieved a vocational qualification at this level.

The Adult Residential Management pathway is aimed at those in similar roles taking the Adult Management pathway, but the focus is on management and care in residential settings, and for managers who are looking to progress their career in this setting. It is also appropriate for managers who have not yet achieved a vocational qualification at this level.

Qualification structure

To be awarded one of these qualifications, learners are required to successfully achieve:

72 credits from the **Adult Management** mandatory units and a minimum of 18 credits from the **Adult Management** optional units

OR

71 credits from the **Adult Residential Management** mandatory units and a minimum of 19 credits from the **Adult Residential Management** optional units.

When registering learners, centres should use the qualification number (QN) followed by the relevant pathway code:
